

## **Yackandandah Lions Club Market Stall Information Sheet:**

Stalls selling food must be registered with Streetrader and registered under the Indigo Shire (Yackandandah Lions Club Markets) .

Stalls are on a casual basis therefore there is no guarantee of the same site everytime you attend. We will try to accommodate when we can.

No power is available at the sites therefore, if required, a low noise generator should be used.

We are on a road way and it is not level therefore all leveling is the responsibility of the stall holder.

Gazebo's require to be tied down, in case of inclement weather, using heavy duty weights.

We try to accommodate vehicles on site but we are not allowed to block the footpaths as Indigo Shire will fine us. If your vehicle does not fit please unload your stock and remove it from the market into the back street.

Site plan will be texted to the phone number on record on the Friday or Saturday prior to the market. An invoice, from square, will be texted to the phone number on record the same day. You can pay cash on the day at the Lions Club stall.

If you are unable to attend please advise the Friday prior to the market to allow another stall holder to attend, if we have limited space.

Sites are marked so please ensure you keep to the correct site and within the marked area.
